2009-2010 King County Fire District 40 Replacement Aid Vehicle Specification Packet

This Specification Packet is considered the guide for all bid proposals regarding the 2009-2010 King County Fire district 40 replacement Aid Vehicle. Changes, options, suggestions, and/or variations will be itemized with the associated cost increase or credit and presented to the Aid Vehicle Specification Committee for review and acceptance. No changes to this bid specification are acceptable without approval of the King County Fire District 40 Board of Commissioners and the RFESD Aid Vehicle Specification Committee.

Questions, comments, and change requests should be directed to the Logistics Division of the Renton Fire & Emergency Services Department.
